The book is in its twelfth print run and is prescribed for study at tertiary level in South African Universities and abroad. The collection is the recipient of the 2018 Glenna Luschei Prize for African Poetry, named 2017 book of the year by the City Press and one of the best books of 2017 by The Sunday Times and Quartz Africa. It is translated into Spanish (Flores Rara, 2019), German (Wunderhorn Publishing House, 2019), Danish (Rebel with a Cause, 2019), Dutch (Poeziecentrum, 2020), Swedish (Rámus förlag). The poems provoke institutions and systems of learning and interrogates what must be unlearned in society, academia, relationships, religion, and spaces of memory and forgetting.

From Defence to Development Jacklyn Cock, 2014-05-28 Remember the global peace dividend - the budget surpluses that were supposed to result from the raising of the Iron Curtain and the end of the arms race? As war-torn societies in the Middle East, Latin America, and parts of Africa found peace and began building democratic societies, governments were supposed to use the money they once spent on the military to better meet basic human needs. But has it happened?

Fiela's Child Dalene Matthee, 1992-09 Set in nineteenth-century rural Africa, *Fiela's Child* tells the gripping story of Fiela Komoetie and a white, three-year old child, Benjamin, whom she finds crying on her doorstep. For nine years Fiela raises Benjamin as one of her own children. But when census takers discover Benjamin, they send him to an illiterate white family of woodcutters who claim him as their son. What follows is Benjamin's search for his identity and the fundamental changes affecting the white and black families who claim him. Everything a novel can be: convincing, thought-provoking, upsetting, unforgettable, and timeless.—Grace Ingoldby, *New Statesman* *Fiela's Child* is a parade that broadens and humanizes our

understanding of the conflicts still affecting South Africa today.—Francis Levy, New York Times Book Review A powerful creation of time and place with dark threads of destiny and oppression and its roots in the almost Biblical soil of a storyteller's art.—Christopher Wordsworth, The Guardian The characters in the novel live and breathe; and the landscape is so brightly painted that the trees, birds, elephants, and rivers of old South Africa are characters themselves. A book not to miss.—Kirkus Reviews

Selling Manhattan Carol Ann Duffy, 2016-10-20 One of those rare books that is immediately enjoyable yet will repay many re-readings' Poetry Review Carol Ann Duffy's highly praised second collection, for which she was given the Somerset Maugham Award, showcases the Poet Laureate's skill even at the very start of her career. Within are poems that reveal the full range of her interests: from the dramatic monologues, to meditations on death and art, to poems of protest and poems of love. Throughout it all, though, is a resounding determination to give voices to those who are usually voiceless, and always apparent is her inimitable wit, wisdom and imagination. At once tender and sharp, moving and humourous, *Selling Manhattan* has dazzled both readers and critics ever since it was first published in 1987.

Bodies of Water Astrida Neimanis, 2017-01-26 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. Water is the element that, more than any other, ties human beings in to the world around them – from the oceans that surround us to the water that makes up most of our bodies. Exploring the cultural and philosophical implications of this fact, *Bodies of Water* develops an innovative new mode of posthuman feminist phenomenology that understands our bodies as being fundamentally part of the natural world and not separate from or privileged to it. Building on the works by Luce Irigaray, Maurice Merleau-Ponty and Gilles Deleuze, Astrida Neimanis's book is a landmark study that brings a new feminist perspective to bear on ideas of embodiment and ecological ethics in the posthuman critical moment.

San Rock Art J.D. Lewis-Williams, 2013-02-15 San rock paintings, scattered over the range of southern Africa, are considered by many to be the very earliest examples of representational art. There are as many as 15,000 known rock art sites, created over the course of thousands of years up until the nineteenth century. There are possibly just as many still awaiting discovery. Taking as his starting point the magnificent Linton panel in the Iziko-South African Museum in Cape Town, J. D. Lewis-Williams examines the artistic and cultural significance of rock art and how this art sheds light on how San image-makers conceived their world. It also details the European encounter with rock art as well as the contentious European interaction with the artists' descendants, the contemporary San people.

Southern African Literature Stephen Gray, 1979

The Other Country Carol Ann Duffy, 2012-09-19 *The Other Country* was Carol Ann Duffy's third collection, and as with her later books, takes its readers on journeys that seem initially similar – but soon prove anything but. This book leads our

imagination to places our minds could not have suspected were there, or would not have dared to go alone. Some of its voices are disarmingly direct, while others blur the lines between fantasy and reality, confession and self-delusion, forcing us to re-examine everything we thought we knew about some of our most basic human drives and emotions. Deeply intelligent, unflinchingly honest, with a deftness of touch and tone, and openness all the more moving for its lack of sentimentality, *The Other Country* is as remarkable a collection today as it was on its first publication.

Mission Underway Ray Broadus Browne, 2002 The history of the study of popular culture in American academic since its (re)introduction in 1967 is filled with misunderstanding and opposition. From the first, proponents of the study of this major portion of American culture made clear that they were interested in making popular culture a supplement to the usual courses in such fields as literature, sociology, history, philosophy, and the other humanities and social sciences; nobody proposed that study of popular culture replace the other disciplines, but many suggested that it was time to reexamine the accepted courses and see if they were still viable. Opposition to the status quo always causes anxiety and opposition, but when the issues are clarified, often opposition and anxiety melt away, as they are now doing.
