Readicide Kelly Gallagher, 2023-10-10 Read-i-cide: The systematic killing of the love of reading, often exacerbated by the inane, mind-numbing practices found in schools. Reading is dying in our schools. Educators are familiar with many of the factors that have contributed to the decline, poverty, second-language issues, and the ever-expanding choices of electronic entertainment. In this provocative book *Readicide: How Schools are Killing Reading and What You Can Do About It*, author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading: our schools. *Readicide*, Gallagher argues that American schools are actively (though unwittingly) furthering the decline of reading. Specifically, he contends that the standard instructional practices used in most schools are killing reading by: Valuing standardized testing over the development of lifelong readers Mandating breadth over depth in instruction Requiring students to read difficult texts without proper instructional support and insisting students focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction in the looming shadow of political pressures *Readicide* provides teachers, literacy coaches, and administrators with specific steps to reverse the downward spiral in reading-; steps that will help prevent the loss of another generation of readers.

What I Want You to See Catherine Linka, 2020-02-04 A college freshman is swept into shaky moral territory within the cut-throat world of visual arts in this razor-sharp novel. Winning a scholarship to California's most prestigious art school seems like a fairy tale ending to Sabine Reye's awful senior year. After losing both her mother and her home, Sabine longs for a place where she belongs. But the cutthroat world of visual arts is nothing like what Sabine had imagined. Colin Krell, the renowned faculty member whom she had hoped would mentor her, seems to take merciless delight in tearing down her best work—and warns her that she'll lose the merit-based award if she doesn't improve. Desperate and humiliated, Sabine doesn't know where to turn. Then she meets Adam, a grad student who understands better than anyone the pressures of art school. He even helps Sabine get insight on Krell by showing her the modern master's work in progress, a portrait that's sold for a million dollars sight unseen. Sabine is enthralled by the portrait; within those swirling, colorful layers of paint is the key to winning her inscrutable teacher's approval. Krell did advise her to improve her craft by copying a painting she connects with...but what would he think of Sabine secretly painting her own version of his masterpiece? And what should she do when she accidentally becomes party to a crime so well-plotted that no one knows about it but her? Complex and utterly original, *What I Want You to See* is a gripping tale of deception, attraction, and moral ambiguity.

Elle Campbell Wins Their Weekend Ben Kahn,2023-10-17 Ferris Bueller's Day Off meets Gamer Girl for middle grade in this hilarious, heartfelt story about a non-binary kid trying to figure out who they are at home, at school, and in the fandom that changed their life. All Elle Campbell wants to do is meet their hero, non-binary icon Nuri Grena. Well, okay, they'd like a bit more than that -- they'd like to learn how to do cat eye makeup, for queen bee Casey to stop critiquing their outfits, and for the finale of Elle's favorite show to have been less terrible. But meeting Nuri means the most of all. So when Elle learns that Nuri is coming to town for book signing on Saturday, Elle is thrilled. It's the perfect chance to meet their hero! Elle's never been happier since they came out as non-binary, but they have a lot of questions -- questions only Nuri can answer. But Elle's dreams are dashed when an altercation with a surly substitute teacher lands Elle in Saturday detention. Elle is ready to give up until their two best friends come up with a plan to bust them out of school. A plan so outrageous, it just might work. Yet that's just step one. The kids also have to make their way across town with no money, no phones... and no driver's licenses. But they refuse to give up -- even if that means borrowing scooters from elementary school loan sharks, or winning a laser tag tournament with a cash prize. Comic-author Ben Kahn makes their middle grade debut with this zany, heartfelt love letter to friendship, John Hughes movies, and the power of accepting who you are . . . even when there's no set map for where you're going.
