

The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value

Michael H. Morris, Christopher G. Pryor, Minet Schindehutte

The Theory of Entrepreneurship Chandra S. Mishra, R. Zachary, 2014-12-04 The Theory of Entrepreneurship examines the interiors of the entrepreneurial value creation process, and offers a new unified and comprehensive theory to afford empirical investigations as well as delineate a broader view of the entrepreneurial contextual milieu.

The Theory of Entrepreneurship Chandra S. Mishra, R. Zachary, 2014-12-04 The Theory of Entrepreneurship examines the interiors of the entrepreneurial value creation process, and offers a new unified and comprehensive theory to afford empirical investigations as well as delineate a broader view of the entrepreneurial contextual milieu.

Creating and Sustaining Competitive Advantage Chandra S. Mishra, 2017-06-13 This book develops a unified framework to explain the phenomena of competitive advantage and firm value creation in dynamic environments. Through a new strategic value creation theory, it explores how a firm can measure and sustain its competitive advantage through management incentives, capital market forces, organizational culture and structure, and social complexity. It also considers how management can utilize their resources and capabilities, shadow options, product market forces, customer needs, and organizational learning as a means to differentiate them from the competition. With an innovative approach to theory and research, it will be positioned to inform both scholars and practitioners in management, business strategy, and entrepreneurship on the process of competitive and sustainable value creation.

Sustainable Entrepreneurship Adam Lindgreen, Christine Vallaster, François Maon, Shumaila Yousafzai, Beatriz Palacios Florencio, 2016-04-30 The way organizations manage entrepreneurship has changed dramatically over the past decade. Today, organizations take account of economic issues, but they also adopt a broader perspective of their purpose including social and environmental issues (i.e. sustainability). Yet, despite its global spread, sustainable entrepreneurship remains an uncertain and poorly defined ambition with few absolutes. This book reaffirms the important need to improve comprehension and explore the subtleties of how individuals, groups, and organizations can discover, create, and seize opportunities for blended value generation, by designing and operating sustainable ventures. It examines, in an interdisciplinary fashion and across sectoral and geographical boundaries, how entrepreneurial activities can be developed to be generally consistent with

sustainable development goals, as well as by whom, for what reasons, and with what implications. The Editors comprehensively review key dimensions of the sustainable entrepreneurship phenomenon to establish an essential definition and up-to-date picture of the field. The 19 chapters cover 4 main topics: Understanding the intentions and motivations for sustainable entrepreneurship Fostering and enacting sustainability through entrepreneurial action Leading and inspiring sustainable entrepreneurial action Finding the contextually grounded implications of and challenges to sustainable entrepreneurship and blended value generation This book is an important resource for entrepreneurs and policy makers as well as students in the fields of entrepreneurship, innovation, and sustainability.

Theories of Entrepreneurship Sharon A. Alvarez,2005 Investigates two sets of assumption about the nature of opportunities, the nature of entrepreneurs, and the nature of the decision-making context within which entrepreneurs operate. Sets the basis for future explorations into entrepreneurship theory.

Entrepreneurship and New Value Creation Alain Fayolle,2007-11-22 Why do some individuals decide they want to create businesses and then actually do so? Why do others decide against this course of action, even though they appear to have what it takes to succeed? These two questions were among the first that researchers in the field of entrepreneurship tried to answer. Recently, it seems that the problem is much more difficult to solve than it first appeared thirty years ago. The venture creation phenomenon is a complex one, covering a wide variety of situations. The purpose of this book is to improve our understanding of this complexity by offering both a theory of the entrepreneurial process and practical advice on how to start a new business and manage it effectively. Entrepreneurship and New Value Creation is a fascinating, research-driven book that will appeal to graduate students, researchers and reflective practitioners concerned with the dynamics of the entrepreneurial process.

Sustainable Entrepreneurship Francesca Masciarelli,Simona Leonelli,2020-09-17 Sustainable Entrepreneurship: How entrepreneurs create value from sustainable opportunities offers unique new insights, represents a step towards the development of a more comprehensive analysis of sustainable entrepreneurship.

The Theory of Entrepreneurship Chandra S. Mishra,R. Zachary,2014-12-04 The Theory of Entrepreneurship examines the interiors of the entrepreneurial value creation process, and offers a new unified and comprehensive theory to afford empirical investigations as well as delineate a broader view of the entrepreneurial contextual milieu.

Sustainable Entrepreneurship and Social Innovation Katerina Nicolopoulou,Mine Karatas-Ozkan, Frank Janssen,John M. Jermier,2016-11-10 Sustainable entrepreneurship has attracted growing attention in both scholarly and practitioner circles. Focusing on generating social, environmental and business value, the notion has been raised more recently to address the contribution of entrepreneurial activities to sustainable economic and social development. Sustainable Entrepreneurship and Social Innovation builds on a theoretical framework that addresses related topics via a combination of

insights from sustainability, policy, managerial, strategic, innovation and institutional perspectives. Providing empirical casework as well as a conceptual and theoretical framework, the book takes a global, interdisciplinary approach to the emergent field of sustainable entrepreneurship. The book highlights elements of sustainable entrepreneurship which have a societal impact as well as regional relevance and related aspects of innovation are also presented. Definitional issues are further elaborated in order to encompass the main inter-connected fields of study, sustainable entrepreneurship and social innovation. This book is an important resource for academic researchers, and postgraduate and advanced undergraduate students in the fields of entrepreneurship, innovation and sustainability.

Entrepreneurship Stefan Kwiatkowski, 2017-07-28 Entrepreneurship is the capability to be an entrepreneur. Beyond that idea is an ideology that a person's business actions result in industrial growth or technical advances, making that person a leader in the economic world. The contributors to this latest volume in the Praxiology Series, now available in paperback, are united in claiming that resourcefulness is a characteristic of people who take effective action, and that effectiveness is dependent on good, ethical purposes. The wide-angle definition of entrepreneurship presented in this volume demands that people and organizations engage in more than simple self-interest, but also display awareness of the prospects for wider growth and advances resulting from their decisions. In a period of financial crisis caused by irresponsible behavior by eminent would-be entrepreneurs the significance of this perspective should be evident. The editors claim that growth, not stagnation, advantage, not decline, are irreversible traits of business activity. This is why the very concept of entrepreneurship calls for values and responsibility—even more than in the past. The contributors develop the idea of entrepreneurship from both theoretical approaches religious and practical, or applied perspectives. This inter- and multidisciplinary approach offers readers a chance to rebuild trust in entrepreneurship.

A General Theory of Entrepreneurship Scott Andrew Shane, 2003 'This ambitious book draws upon a wide variety of literature in developing a comprehensive theory of entrepreneurship, ranging from the discovery of entrepreneurial activities, to industry differences in entrepreneurial activity, to the organizing process. It represents a major contribution to the field.' - Arnold C. Cooper, Purdue University, US 'Professor Scott Shane provides a deep and comprehensive discussion of the individual-opportunity nexus in entrepreneurship. Eschewing the usual approaches of either focusing exclusively on the individuals and their motivations and actions or focusing exclusively, almost always ex-post, on the economic potential of opportunities, Scott Shane fixes his gaze squarely on the nexus of the individual and the opportunity. It is this nexus that I believe is the building block for a better understanding of the entrepreneurial phenomenon.' - From the foreword by Sankaran Venkataraman In the first exhaustive treatment of the field in 20 years, Scott Shane extends the analysis of entrepreneurship by offering an overarching conceptual framework that explains the different parts of the entrepreneurial process - the opportunities, the people who pursue them, the skills and strategies used to organize and exploit opportunities,

and the environmental conditions favorable to them - in a coherent way.

Engines of Economic Prosperity Meltem Ince-Yenilmez, Burak Darici, 2021-09-01 This book considers the extent to which innovation and entrepreneurship are engines of economic prosperity. It brings together theorists and empiricists from diverse backgrounds to provide a comprehensive overview of the field of entrepreneurship, focusing specifically on entrepreneurial developments within Turkey and the surrounding regions and Europe. It looks at innovation, creativity, economic development and women's empowerment. This book considers the for-profit and the not-for-profit sectors, and examines outcome metrics such as change, sustainability and employment, in addition to economic value. This book will inspire academics and students to better understand the origins, evolution and impact of new ideas, new organizations, and new industries, and the impact on the economy. This book offers an excellent foundation for investigating and questioning current entrepreneurial practices across developed economies. It will also provide the foundations for researching and evaluating new and existing approaches to emerging technologies. Additionally, the book will offer useful insights into the real world, and will appeal to academics in economics and business as well as those studying entrepreneurship on the international scene.

Nascent Entrepreneurship and Learning Mine Karataş-Özkan, Elizabeth Chell, 2010-01-01 This work by Karataş-Özkan and Chell provides fresh insights on entrepreneurial learning and the entrepreneurship process. Employing a well-informed social constructivist perspective, it combines theory with a richly grounded empirical analysis at three distinct but inter-related levels; the micro, the meso, all set in the macro context of the enterprise culture. A strength of the work is the multiple levels of analysis which shed new light on entrepreneurial learning as part of the entrepreneurial process. The result is a processual view that captures, conceptualises and explains the transitive process of becoming an entrepreneur. Alistair R. Anderson, The Robert Gordon University, UK In this book Karataş-Özkan and Chell show great clarity in dealing with a range of complex issues. They articulate these in a manner which makes them interesting and comprehensible and in a fashion which impressively interweaves theory, practice and method. Sarah L. Jack, Lancaster University, UK This informative book examines the process of nascent entrepreneurship from a learning perspective. It offers a multi-layered framework of nascent entrepreneurship through an inter-disciplinary approach and sound application of Bourdieu's conceptual tools and also by generating practical insights for nascent entrepreneurs, enterprise educators and mentors. Supported by an empirical investigation of two case studies, the authors argue that it is not sufficient to study nascent entrepreneurship and concurrent process of entrepreneurial learning at just the individual (entrepreneur) or collective (team or organisational) level and examine the socio-behavioural aspects of learning; but that entrepreneurial learning should be understood by inter-relating personal (micro), relational (meso) and macro-contextual aspects of nascent entrepreneurship. The comprehensive coverage of entrepreneurship theory and research will be of significant value for scholars, researchers

and students in the field.

Developing, Shaping and Growing Entrepreneurship Alain Fayolle, Paula Kyrö, Francisco Liñán, 2015-02-27 There are many factors involved in becoming an effective entrepreneur. The process of recognizing opportunities and nurturing new ventures must take into account both internal decision-making practice and external environmental influence.

Entrepreneurship as Experience Michael H. Morris, Christopher G. Pryor, Minet Schindehutte, 2012 Do entrepreneurs create ventures or do venture experiences create entrepreneurs? The authors of *Entrepreneurship as Experience* propose that the answer is 'both'. This important volume examines how individuals experience the creation of a venture as it happens and how that experience determines the types of entrepreneur and venture that ultimately emerge. In essence, entrepreneurship is an experience consisting of large numbers of key events such as a first sale, hiring a first employee, losing a big account events that are processed and made sense of by the entrepreneur. They produce cognitive, emotional and physiological responses, which impact decision-making and behavior. The result is an experience that is purposive, diverse, uncertain, ambiguous and transformative and unique to each individual. Here, the authors argue that as experience unfolds both entrepreneur and venture are being constructed and emerge in unique forms. This experiential view introduces an entirely new lens through which entrepreneurship can be examined. *Entrepreneurship as Experience* comprises chapters dedicated to sociological, anthropological and psychological research related to human experiencing; the volume presents a new frame for understanding the role of emotions and feelings in venture creation and lays out a conceptual framework for understanding how real-time experiencing informs the entrepreneurial process. New insights are provided regarding how the entrepreneurial mindset and an entrepreneurial identity are formed, and why entrepreneurs take on certain traits and develop certain competencies. Further, the authors put forth new approaches to conducting research on the entrepreneurial experience. Students advanced as well as undergraduate and scholars of entrepreneurship, innovation, strategy and management will find themselves turning often to the ideas and research presented here.

Social Entrepreneurship David M. Wasieleski, James Weber, 2021-11-24 Volume Five of *Business and Society* 360 focuses on research from leading scholars in this discipline contribute to a 360-degree evaluation of theory, including cross-discipline research, empirical explorations, cross-cultural studies, literature critiques, and meta-analysis projects.

Social Entrepreneurship in Non-Profit and Profit Sectors Marta Peris-Ortiz, Frédéric Teulon, Dominique Bonet-Fernandez, 2017-02-27 This volume examines the theoretical and empirical landscape of social entrepreneurship in both non-profit and profit sectors. It extends the traditional view of social entrepreneurship to include the environmental and institutional factors that affect the emergence of social entrepreneurship activities, such as formal laws, regulations, procedures and informal institutions. The editors aim to provide evidence and increased understanding of this growing phenomenon. Social Entrepreneurship is gaining recognition as a key element of economic and social development. It

embraces a wide set of situations with a broad scope of activities in for-profit and non-profit organizations interested in social performance and/or in economically profitable performance, with an emphasis on achieving social aim. In the strict sense, social entrepreneurship corresponds to entrepreneurs whose main concern is to achieve social objectives rather than to obtain personal financial profits. However, there is still much to be learned about the dynamics and processes of social entrepreneurship. The current literature in the field has tended to focus on psychological experiences and personal characteristics, or on organizational perspectives such as resources, capabilities and leadership. This book intends to provide theoretical frameworks and empirical studies to this very new and broad field. Specifically, this book provides a collection of contemporary research in the following topics: How to create opportunity through social innovation How to detect entrepreneurial opportunity to meet social needs How to develop social entrepreneurship, while still seeking profits How to discover opportunities for different forms of social entrepreneurship Featuring contributions from around the world, this book is a valuable source for students, academics, researchers, policy makers, and professionals in the area of social entrepreneurship.

Entrepreneurship Theory At The Crossroads(2Nd Ed.) Mathew J. Manimala,2005-10-21 The book is a collection of the author's major research papers on entrepreneurship, deriving valuable propositions from a wide range of entrepreneurial practices. It contains eight newly added chapters including a brilliant critique on the author's Theory of Entrepreneurial Heuristics by three British scholars. The papers included in this book deal with a variety of themes in entrepreneurship theory.· Chapter 1. Entrepreneurial Innovation: Beyond Schumpeter · Chapter 2. Innovative Entrepreneurship: Testing the Theory of Environmental Determinism · Chapter 3. Entrepreneurial Heuristics: A Comparison between High PI (Pioneering-Innovative) and Low PI Ventures Chapter 4. Rules of Thumb that help Innovators: ATale of Two Entrepreneurs · Chapter 5. New Venture Strategies: The Innovators' Choice · Chapter 6. Beyond Innovators and Imitators: A Taxonomy of Entrepreneurs · Chapter 7. Networking for Innovation: Anecdotal Evidences from a Large-Sample Study of Innovative Enterprises Chapter 8. Higher Education-Enterprise Co-operation and the Entrepreneurial Graduate: The Need for a New Paradigm · Chapter 9. Organizational Learning through Partnerships: The Case of SMEs · Chapter 10. Managing R & D in SMEs: Taking Advantage of the Giants' Shoulders · Chapter 11. Growth Venture Policies and Founder Characteristics: Evidence from British High-Growth and Low-Growth Ventures · Chapter 12. Policies and Founder Characteristics of New Technology-Based Firms (NTBFs): A Comparison between British and Indian Firms · Chapter 13. Founder Characteristics and Start-up Policies of Entrepreneurial Ventures: A Comparison between British and Indian Enterprises · Chapter 14. Entrepreneurial Motivation Revisited · Chapter15. Promoting Industrial Clusters in India: Lessons from Europe and East Asia · Chapter 16. Entrepreneurship in Established Indian Firms: Strategies for Coping with Large-Scale Changes in the Business Environment · Chapter 17. Financing Innovation: Strategies of Established versus Start-up Ventures · Chapter 18. Turnaround

Management: A Stage-Theory for the Doubly Entrepreneurial Act · Chapter 19. Entrepreneurial Framework Conditions and Activity Levels in India: Results of a National Survey Compared with the Global Scenario · Chapter 20. Epilogue Manimala's Entrepreneurial Cognition Research: The Beginning of Deep' Entrepreneurial Cognition Research

Social Entrepreneurship Constant Beugre, 2016-11-03 Social entrepreneurship differs from traditional forms of entrepreneurship in that the primary goal of the social venture is to address social problems and needs that are as yet unmet. The driving force of such ventures is social value creation. This new textbook aims to provide a comprehensive, cutting edge resource for students, introducing them to the unique concerns and challenges that face social ventures through a comparison with the principles of traditional entrepreneurship. The book consists of fourteen chapters covering all aspects of venture creation and management—from writing a business plan, to financing, people management, marketing, and social impact measurement. Social Entrepreneurship uses real-life examples and sources to expose students to contemporary developments in the field, encouraging them to think critically about the issues faced by social ventures across the globe, and experiential exercises and assignments are included to provide students with hands-on experience in creating and managing their own social ventures. Also containing review and application questions, illustrative cases, definitions of key terms, and a comprehensive companion website, Social Entrepreneurship is the essential guide to this rapidly emerging field. Visit the companion website at www.routledge.com/cw/beugre to find: For Instructors PowerPoint slides Multiple-choice questions For Students Extra illustrative cases Web links Links to video

Entrepreneurship Mark Casson, Peter J. Buckley, 2010-01-01 'An important new addition, by one of the entrepreneurship field's broadest and most important scholars, *Entrepreneurship: Theory, Networks, History* will be required reading for anyone interested in truly understanding entrepreneurship.' - Scott Shane, Case Western Reserve University, US

The book delves into The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value. The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value
- Chapter 2: Essential Elements of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value
- Chapter 3: The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value in Everyday Life

- Chapter 4: The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value. The first chapter will explore what The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value is, why The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value is vital, and how to effectively learn about The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value.
 3. In chapter 2, this book will delve into the foundational concepts of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value. This chapter will elucidate the essential principles that need to be understood to grasp The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value in its entirety.
 4. In chapter 3, the author will examine the practical applications of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value in daily life. This chapter will showcase real-world examples of how The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value in specific contexts. The fourth chapter will explore how The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value.
